Zero-Dye Migration or Dye Sublimation onto Prints

Prints remain sharp and don't "bleed" over time.

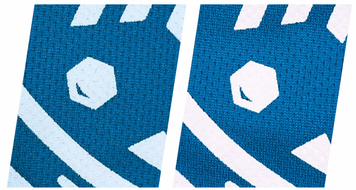

Brightness & Colourfastness

More resistant to fading both in sunlight and during washing.

High Dye Transfer

More Vibrant Prints.

See the difference in print finishes, white stays white.

TRIDRI® ION-CHARGE PERFORMANCE VEST

Elevate your workout wardrobe with TriDri's recycled cationic performance vest – part of our innovative 'Ion-Charge' range. Engineered for movement and peak performance, this vest features ultra-lightweight, breathable fabric that wicks away moisture, keeping you cool and comfortable during even the most intense workouts. Dyed with cationic dyes to prevent colour migration, it resists fading, bleeding and staining, ensuring the vest stays fresh, wear after wear. The smooth finish enhances vibrant prints, making it perfect for team branding or personal customisation.
