TD501

### **Spring into action with our new range of athleisurewear.**

*This latest TriDri collection is a personal best. A high-performance closet featuring athleisure favourites like leggings, shorts, tanks and tees in lightweight, performance fabrics. We also have brand new additions to put through their paces, including spun dye joggers and hoodies plus new loungewear to mix and match and a fantastic range of unisex and men's styles now available.*

*Thanks to our mission for responsible sourcing and sustainability, many of our garments are styled with technical fabrics that also respect the planet - like recycled polyester. They're also tag free and ready to re-brand. So you can wear personalised, eco-conscious activewear for every workout from Padel and Pilates to Spinning and Soccer.*

*On your marks, get set, go TriDri.*

## ETHICAL & SUSTAINABLE POLICY

*At TriDri we care as much about our ethical and environmental performance as we do about the performance of our sportwear. That's why we are striving to use sustainable fabrics wherever possible.*

*As we move forward we are looking to utilise:*

### Recycled polyester

*This material is derived from post-consumer plastics that would otherwise have gone to waste.*

### Spun Dyed

*Spun dyed garments are dyed prior to the spinning process which means: **75%** less chemicals used in the process, **66%** less water and **60%** less CO<sub>2</sub>.*

# SPUN DYED

The material of this product is manufactured using the 'spun dye' dyeing process. Compared to standard dyeing practices spun dye uses:

- 75% FEWER CHEMICALS
- 66% LESS WATER
- 60% LESS CO<sub>2</sub>

The spun dye process dyes garments prior to the spinning process which also means garments offer improved colour fastness.

For a more sustainable choice that works as hard as you do choose spun dye.

NEW  
SPRING

## TD448 UNISEX SPUN DYED HOODIE

The Unisex Spun Dyed Hoodie is a unisex style you can wear in or out of the gym. It's made from smooth recycled polyester with sweat-wicking technology and a fit that's relaxed. This product is also created using eco-conscious spun dye technology that uses less chemicals, water and CO<sub>2</sub> during production as well as improving the garments overall colour fastness.
